HINO TRUCKS PRESENTS NOVI PUBLIC SCHOOLS SCHOLARSHIP TO CLASS OF 2021 RECIPIENT

NOVI, MI – After a year of pandemic uncertainty and adapting to a new normal, we are proud of all students who have continued to be motivated and persevere toward their educational goals. One such student, Joshua Huang, a senior at Novi High School, has demonstrated his determination to expand his knowledge while preparing for the workforce. In recognition of this work and dedication, we are proud to present Joshua with the Hino Motors Novi Educational Foundation scholarship.

Huang plans to attend the University of Michigan, College of Engineering pursuing a major in Computer Science and had this to say of being chosen, “Thank you all so much for awarding me the Hino Motors USA Scholarship! I was so delighted by the news. This scholarship will majorly help me pursue my passion in robotics/controls engineering, so I can't thank you enough for giving this to me and making my dreams come true!” Huang was chosen based on his submission essay on what leadership means to him as well as extracurricular activities and being admitted to a college or university in the fall.

Joshua is just one of the reasons why Hino is proud to support the Novi community – where we live and work. Joe Whalen, Director of Human Resources for Hino Trucks added. “For the third consecutive year, Hino has supported our local community in making a difference in the lives of its future leaders through this foundation. All of the students that were considered have distinguished themselves through their educational commitment and Hino is proud to support their pursuit.”
